Hey!

I'm Emily and I love capturing creative images of authentic joy and connection. I have two children of my own and as hard as parenting sometimes is, I have to remind myself that these times aren't going to last forever and to savour them while I can! That's why I'm so passionate about helping other families document this time in their life as it truly looks. As a mum and a trained children's nurse, I have years of experience working with kids which is why my sessions are always family-led and fun. I use available light and engaging prompts to achieve natural, relaxed images which show genuine connection.

These promotional mini-sessions include:

- A fun 20-minute photography session at the beautiful Soif studio located in Hackney Central.
- Individual professional editing and retouching of your final images, ensuring they are picture-perfect in time for Christmas card orders.
- Two FREE images included with your session plus exclusive access to an online gallery, you'll then be able to view a variety of purchasing options including single image downloads, money-saving digital packages, downloading your entire gallery and/or ordering beautiful prints and products for your home!

Important information:

- Due to the size of the studio, this session is suitable for families of up to 6 people.
- To ensure a smooth experience for all clients, latecomers may be asked to wait until the end of the day so as not to delay other sessions.
- Final images will be ready and galleries emailed to clients no later than the 1st of December. However, I am not responsible for any delays in print or postage times by photography labs. For inquiries or concerns, please contact the photography lab directly.
- This limited mini session promotion is available on a specific date only and cannot be rescheduled. (Click here for full T&C's.)
